

2027학년도 수능 대비 모의평가

1. 다음 글의 주제로 가장 적절한 것은?

1950s critics separated themselves from the masses by rejecting the 'natural' enjoyment afforded by products of mass culture through judgments based on a refined sense of realism. For example, in most critics championing Douglas Sirk's films' social critique, self-reflexivity, and, in particular, distancing effects, there is still a refusal of the 'vulgar' enjoyments suspected of soap operas. This refusal again functions to divorce the critic from an image of a mindless, pleasure-seeking crowd he or she has actually manufactured in order to definitively secure the righteous logic of 'good' taste. It also pushes negative notions of female taste and subjectivity. Critiques of mass culture seem always to bring to mind a disrespectful image of the feminine to represent the depths of the corruption of the people. The process of taste-making operated, then, to create hierarchical differences between the aesthete and the masses through the construction of aesthetic positions contrary to the perceived tasteless pleasures of the crowd.

*vulgar: 저속한, 서민의 **aesthetic: 미학의, 심미적인

- ① critics' negative view on popular tastes and its effects
- ② criticism of cultural hierarchy in soap operas and films
- ③ side effects of popularized cultural products on crowds
- ④ resistance of the masses to cultural separations and its origins
- ⑤ critics' tendency to identify the refined tastes of the masses

2. 다음 글의 제목으로 가장 적절한 것은? (3점)

Biographies of human beings are generally about real people, not fictional or mythological characters. Therefore the biographer has a responsibility to the truth, and should tell us what actually happened in a person's life. This looks like a solid, unarguable rule for biography. But there are plenty of exceptions. Plenty of biographers dramatize their narratives with descriptions of emotions, highly coloured scene-setting, or strategies of suspense. Some go further, and deploy full-scale fictional methods: invented meetings between author and subject, imaginary episodes, musings on the identity of the biographer, and hypothetical conversations. Some biographies read more like fiction than history. This can attract readers, but can also give the genre a bad name. John Updike once remarked that most biographies are just 'novels with indexes.'

3. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은? (3점)

The formats and frequencies of traditional trade encompass a spectrum. At the simplest level ① are the occasional trips made by individual !Kung and Dani to visit their individual trading partners in other bands or villages. ② Suggestive of our open-air markets and flea markets were the occasional markets at which Sio villagers living on the coast of northeast New Guinea met New Guineans from inland villages. Up to a few dozen people from each side ③ sat down in rows facing each other. An inlander pushed forward a net bag containing between 10 and 35 pounds of taro and sweet potatoes, and the Sio villager sitting opposite responded by offering a number of pots and coconuts ④ judging equivalent in value to the bag of food. Trobriand Island canoe traders conducted similar markets on the islands ⑤ that they visited, exchanging utilitarian goods (food, pots, and bowls) by barter, at the same time as they and their individual trade partners gave each other reciprocated gifts of luxury items (shell necklaces and armbands).

4. 다음 글의 밑줄 친 부분 중, 문맥상 낱말의 쓰임이 적절하지 않은 것은?

Do you feel better after taking a walk in the park or watching a beautiful sunset? If so, you may be unknowingly using your own form of "ecotherapy," a type of therapy designed to (a) ① improve emotional health by reconnecting people with nature and the environment. The field of ecopsychology, which first became popular in the United States in the 1990s, claims that humans are an (b) ② integral part of the natural world and should not be separated from it. Their emotional health may suffer if they are cut off from nature by urbanization or other aspects of modern life. In addition, this alienation may cause emotional and physical (c) ③ comfort. Out of this movement grew ecotherapy, offering strategies to strengthen people's relationship with nature. For instance, learning to survive alone in the wilderness can build confidence, but even a simple walk outdoors can also be effective. Some therapies involve animals: swimming with dolphins, playing with your pet, or watching a tropical fish tank are all (d) ④ beneficial. Even looking at a picture of an outdoor scene can help. As a result, one UK mental health charity is now proposing that ecotherapy be made more (e) ⑤ readily available for mental health patients, as it already is in Holland and Norway. So if you're feeling a bit down, you may not need antidepressants or costly therapy. First, try riding your bike or walking on the beach. These activities will surely be good for your physical health, and may strengthen your spirits, too.

5. 다음 글에서 전체 흐름과 관계 없는 문장은?

Health and the spread of disease are very closely linked to how we live and how our cities operate. The good news is that cities are incredibly resilient. Many cities have experienced epidemics in the past and have not only survived, but advanced. ①The nineteenth and early-twentieth centuries saw destructive outbreaks of cholera, typhoid, and influenza in European cities. ②Doctors such as Jon Snow, from England, and Rudolf Virchow, of Germany, saw the connection between poor living conditions, overcrowding, sanitation, and disease. ③A recognition of this connection led to the replanning and rebuilding of cities to stop the spread of epidemics. ④In spite of reconstruction efforts, cities declined in many areas and many people started to leave. ⑤In the mid-nineteenth century, London's pioneering sewer system, which still serves it today, was built as a result of understanding the importance of clean water in stopping the spread of cholera.

*resilient: 회복력이 있는 **sewer system: 하수 처리 시스템

6. 다음 글의 내용을 한 문장으로 요약하고자 한다. 빈칸 (A), (B)에 들어갈 말로 가장 적절한 것은?

Many things spark envy : ownership, status, health, youth, talent, popularity, beauty. It is often confused with jealousy because the physical reactions are identical. The difference: the subject of envy is a thing (status, money, health etc.). The subject of jealousy is the behaviour of a third person. Envy needs two people. Jealousy, on the other hand, requires three: Peter is jealous of Sam because the beautiful girl next door rings him instead. Paradoxically, with envy we direct resentments toward those who are most similar to us in age, career and residence. We don't envy businesspeople from the century before last. We don't envy millionaires on the other side of the globe. As a writer, I don't envy musicians, managers or dentists, but other writers. As a CEO you envy other, bigger CEOs. As a supermodel you envy more successful supermodels. Aristotle knew this: 'Potters envy potters.'

Jealousy involves three parties, focusing on the ____ (A) ____ of a third person, whereas envy involves two individuals whose personal circumstances are most ____ (B) ____, with one person resenting the other.

정답 및 해설

1. [정답] ①

[해설]

지문은 1950년대 비평가들이 대중문화의 '저속한' 즐거움을 거부함으로써 자신들을 대중과 분리하고, '좋은 취향'이라는 명분을 확보했다고 설명한다. 이 과정에서 대중을 '생각 없고 쾌락만 추구하는 군중'으로 규정하고, 대중문화를 여성적인 것과 연결하여 부정적인 이미지를 강화했다. 이는 결국 비평가들이 대중적 취향에 대해 부정적인 견해를 가지고 있었으며, 이러한 견해가 비평가와 대중 사이에 위계적 차이를 만드는 효과를 낳았음을 보여준다.

2. [정답] ⑤

[해설]

이 글은 전기가 사실에 기반해야 한다는 원칙에도 불구하고, 많은 전기 작가들이 독자의 흥미를 끌기 위해 감정 묘사, 극적인 장면 설정, 심지어 허구적인 에피소드나 대화와 같은 소설적 기법을 사용한다고 설명한다. 이는 전기가 소설과 비슷해지는 경향을 낳는다고 지적하며, 글의 핵심 내용은 '전기에서의 소설적 기법 사용'이다. 따라서 제목으로 가장 적절한 것은 ⑤ 'Fictional Methods in Biographies'이다.

3. [정답] ④

[해설]

명사 'coconuts'를 수식하는 형용사적 용법의 분사가 필요하다. 코코넛은 '동등한 가치라고 판단되는' 것이므로 수동의 의미를 가진 과거분사 'judged'가 와야 한다. 'judging'은 능동의 의미를 가지므로 어색하다. 원래 문장은 'coconuts which were judged equivalent in value'이다.

4. [정답] ③

[해설]

자연으로부터 단절(alienation)되는 것은 정서적, 신체적 문제를 야기한다는 문맥입니다. 따라서 '편안함(comfort)'이 아니라 '불편함(discomfort)'이나 '고통(distress)'과 같은 부정적인 의미의 단어가 와야 문맥상 자연스럽습니다.

5. [정답] ④

[해설]

1 이 글의 전체적인 흐름은 도시가 전염병을 겪으며 위생과 질병의 연관성을 깨닫고, 도시를 재계획하고 재건하여 생존했을 뿐만 아니라 발전(advanced)했다는 긍정적인 내용입니다. 2 그러나 ④번 문장은 '재건 노력에도 불구하고, 도시가 쇠퇴하고 많은 사람들이 떠나기 시작했다'고 말하여, 글의 긍정적인 흐름과 상반되므로 전체 흐름과 관계가 없습니다.

6. [정답] ⑤

[해설]

본문은 질투(jealousy)와 선망(envy)을 비교합니다. 질투는 제3자의 '행동(behaviour)'에 초점을 맞추는 세 사람의 관계라고 설명합니다. 따라서 (A)에는 'actions'가 적절합니다. 선망은 자신과 나이, 직업, 거주지 등이 '가장 비슷한(most similar)' 사람을 향한다고 설명합니다. '도공은 도공을 선망한다'는 아리스토텔레스의 말을 통해 이를 강조합니다. 따라서 (B)에는 '유사한'이라는 의미의 'alike'가 적절합니다.
