

2027학년도 수능 대비 모의평가

1. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은? (3점)

Cyrene, the original capital of ancient Cyrenaica (now eastern Libya), was one of the ① greatest of Greek colonies. Herodotus (485–425 BC) relates that King Grinius of Thera consulted the oracle of Apollo at Delphi and ② was told to found a city in Libya. On his ③ protesting that he was too old, the oracle pointed to a young man named Battus. After many vicissitudes and another visit to the oracle, Battus arrived on the Libyan mainland and was taken by the local inhabitants to high ground, from various points of ④ them issued springs. The Greeks settled in this fertile oasis between the Mediterranean and the Libyan desert some time in the seventh century BC. They dedicated the spring that sustained their community to the god Apollo, ⑤ whose oracle had encouraged their expedition. The city they built was called Cyrene, after the nymph Kyrana who nourished the spring waters.

2. (A), (B), (C)의 각 네모 안에서 어법에 맞는 표현으로 가장 적절한 것은?

"Oh, my! What can a "gym" teacher do without a gym?" Stop thinking about what you don't have and (A) find / finding a solution yourself! You weren't trained to be a "gym" teacher; you were trained to teach physical education. "Gym" teacher is an old-fashioned term that some people still (B) use / use it to describe a physical educator, and some people still use the word "gym" to describe physical education. If you were trained to be a physical education teacher, not having a gym (C) is / being not a huge problem. For example, you could teach your students the striking skills in tennis in the school parking lot and the dribbling skills in basketball in the old church.

The goal of detox dieting is to improve ones health by removing these accumulated toxins from the body, as they are the cause of ill health. The main idea is that by regulating food and water intake, and sometimes ① taking certain herbs and supplements, toxins are removed from the body, and it returns to its normal, healthy state. Religions and moral philosophies have detoxification diets as well. The focus in those diets is on moral reform, but the means of regulating food intake remains the same. Advocates of alternative medicine, such as Frank Ervolino, a doctor of naturopathic medicine, ② assert that detoxing can prevent disease and lessen the effects of autoimmune diseases, such as arthritis and chronic fatigue syndrome. There are many people who claim ③ what detox diets work wonders, but there is also a strong voice against detox dieting. The effects of toxins in the body are as ④ numerous as they are hazardous. Americans are anxious about toxins, a theme ⑤ inherent in alternative medical circles.
