

2027학년도 수능 대비 모의평가

1. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은?

The competition to sell manuscripts to publishers ① is fierce. I would estimate that less than one percent of the material ② sent to publishers is ever published. Since so much material is being written, publishers can be very selective. The material they choose to publish must not only have commercial value, but ③ being very competently written and free of editing and factual errors. Any manuscript that contains errors stands ④ little chance at being accepted for publication. Most publishers will not want to waste time with writers ⑤ whose material contains too many mistakes.

2. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은? (3점)

The psychologist Gary Klein tells the story of a team of fire-fighters that entered a house ① where the kitchen was on fire. Soon after they started hosing down the kitchen, the commander heard ② himself shout, "Let's get out of here!" without realizing why. The floor collapsed almost immediately after the fire-fighters escaped. Only after the fact ③ did the commander realize that the fire had been unusually quiet and that his ears had been unusually hot. Together, these impressions prompted ④ that he called a "sixth sense of danger." He had no idea what was wrong, but he knew something was wrong. It turned out that the heart of the fire ⑤ had not been in the kitchen but in the basement below.

3. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은?

The goal of detox dieting is to improve ones health by removing these accumulated toxins from the body, as they are the cause of ill health. The main idea is that by regulating food and water intake, and sometimes ① taking certain herbs and supplements, toxins are removed from the body, and it returns to its normal, healthy state. Religions and moral philosophies have detoxification diets as well. The focus in those diets is on moral reform, but the means of regulating food intake remains the same. Advocates of alternative medicine, such as Frank Ervolino, a doctor of naturopathic medicine, ② assert that detoxing can prevent disease and lessen the effects of autoimmune diseases, such as arthritis and chronic fatigue syndrome. There are many people who claim ③ what detox diets work wonders, but there is also a strong voice against detox dieting. The effects of toxins in the body are as ④ numerous as they are hazardous. Americans are anxious about toxins, a theme ⑤ inherent in alternative medical circles.
