

2027학년도 수능 대비 모의평가

1. 밑줄 친 부분이 다음 글에서 의미하는 바로 가장 적절한 것은? (3점)

Our view of the world is not given to us from the outside in a pure, objective form; it is shaped by our mental abilities, our shared cultural perspectives and our unique values and beliefs. This is not to say that there is no reality outside our minds or that the world is just an illusion. It is to say that our version of reality is precisely that: our version, not the version. There is no single, universal or authoritative version that makes sense, other than as a theoretical construct. We can see the world only as it appears to us, not "as it truly is," because there is no "as it truly is" without a perspective to give it form. Philosopher Thomas Nagel argued that there is no "view from nowhere," since we cannot see the world except from a particular perspective, and that perspective influences what we see. We can experience the world only through the human lenses that make it intelligible to us.

- ① perception of reality affected by subjective views
- ② valuable perspective most people have in mind
- ③ particular view adopted by very few people
- ④ critical insight that defeats our prejudices
- ⑤ unbiased and objective view of the world

2. 다음 글의 제목으로 가장 적절한 것은? (3점)

The selfie resonates not because it is new, but because it expresses, develops, expands, and intensifies the long history of the self-portrait. The self-portrait showed to others the status of the person depicted. In this sense, what we have come to call our own "image" — the interface of the way we think we look and the way others see us — is the first and fundamental object of global visual culture. The selfie depicts the drama of our own daily performance of ourselves in tension with our inner emotions that may or may not be expressed as we wish. At each stage of the self-portrait's expansion, more and more people have been able to depict themselves. Today's young, urban, networked majority has reworked the history of the self-portrait to make the selfie into the first visual signature of the new era.

- ① Are Selfies Just a Temporary Trend in Art History?
- ② Fantasy or Reality: Your Selfie Is Not the Real You
- ③ The Selfie: A Symbol of Self-oriented Global Culture
- ④ The End of Self-portraits: How Selfies Are Taking Over
- ⑤ Selfies, the Latest Innovation in Representing Ourselves

3. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은?

Honey can be eaten by itself or mixed with other ingredients. Natural or pure honey has had no additives, preservatives or synthetic ingredients added. Also ①referred to as 'undiluted', it is usually more expensive than diluted honeys. Natural honey can also be called 'blended honey', ②which honeys from various sources are blended together — not by the bees, but by human processors and distributors in stages after the honey has been collected. Blending is frequently done for taste as well as marketing reasons, especially since some consumers find the darker honeys too ③strong. Mixing different types of honey together can make it more palatable, and also gives a more uniform flavour — this is an important consideration for producers and retailers, who ④feel the need to guarantee reliable, unsurprising (typically mild) flavours to their customers. Clover is one of the most popular honeys in the U.S., and ⑤its mild flavour and taste have become familiar to many Americans.

4. 다음 글의 밑줄 친 부분 중, 문맥상 낱말의 쓰임이 적절하지 않은 것은?

Why is the value of place so important? From a historical perspective, until the 1700s textile production was a hand process using the fibers available within a ①particular geographic region, for example, cotton, wool, silk, and flax. Trade among regions ②increased the availability of these fibers and associated textiles made from the fibers. The First Industrial Revolution and subsequent technological advancements in manufactured fibers ③added to the fact that fibers and textiles were no longer "place-bound." Fashion companies created and consumers could acquire textiles and products made from textiles with little or no connection to where, how, or by whom the products were made. This ④countered a disconnect between consumers and the products they use on a daily basis, a loss of understanding and appreciation in the skills and resources necessary to create these products, and an associated disregard for the human and natural resources necessary for the products' creation. Therefore, renewing a value on place ⑤reconnects the company and the consumer with the people, geography, and culture of a particular location.

5. 다음 빈칸에 들어갈 말로 가장 적절한 것을 고르시오.

Centralized, formal rules can _____. The rules of baseball don't just regulate the behavior of the players; they determine the behavior that constitutes playing the game. Rules do not prevent people from playing baseball; they create the very practice that allows people to play baseball. A score of music imposes rules, but it also creates a pattern of conduct that enables people to produce music. Legal rules that enable the formation of corporations, that enable the use of wills and trusts, that create negotiable instruments, and that establish the practice of contracting all make practices that create new opportunities for individuals. And we have legal rules that establish roles individuals play within the legal system, such as judges, trustees, partners, and guardians. True, the legal rules that establish these roles constrain the behavior of individuals who occupy them, but rules also create the roles themselves. Without them an individual would not have the opportunity to occupy the role.

- ① categorize one's patterns of conduct in legal and productive ways
- ② lead people to reevaluate their roles and practices in a society
- ③ encourage new ways of thinking which promote creative ideas
- ④ reinforce one's behavior within legal and established contexts
- ⑤ facilitate productive activity by establishing roles and practices

6. 다음 빈칸에 들어갈 말로 가장 적절한 것을 고르시오.

Precision and determinacy are a necessary requirement for all meaningful scientific debate, and progress in the sciences is, to a large extent, the ongoing process of achieving ever greater precision. But historical representation puts a premium on a proliferation of representations, hence not on the refinement of one representation but on the production of an ever more varied set of representations. Historical insight is not a matter of a continuous "narrowing down" of previous options, not of an approximation of the truth, but, on the contrary, is an "explosion" of possible points of view. It therefore aims at the unmasking of previous illusions of determinacy and precision by the production of new and alternative representations, rather than at achieving truth by a careful analysis of what was right and wrong in those previous representations. And from this perspective, the development of historical insight may indeed be regarded by the outsider as a process of creating ever more confusion, a continuous questioning of _____, rather than, as in the sciences, an ever greater approximation to the truth.

- ① criteria for evaluating historical representations
- ② certainty and precision seemingly achieved already
- ③ possibilities of alternative interpretations of an event
- ④ coexistence of multiple viewpoints in historical writing
- ⑤ correctness and reliability of historical evidence collected

정답 및 해설

1. [정답] ⑤

[해설]

이 글은 세상에 대한 우리의 관점이 순수하고 객관적인 형태로 주어지는 것이 아니라, 정신 능력, 문화적 관점, 가치와 신념에 의해 형성된다고 주장한다. 즉, 특정 관점에서 벗어난 절대적으로 객관적인 시각은 없다는 것이다. 철학자 Thomas Nagel의 말을 인용하여 'we cannot see the world except from a particular perspective'라고 했으므로, 그가 없다고 주장한 'view from nowhere'는 '어디에도 속하지 않은 관점', 즉 특정 관점의 영향을 받지 않는 '편견 없고 객관적인 세상에 대한 관점'을 의미한다. 글 전체는 이러한 관점이 불가능하다고 말하고 있다.

2. [정답] ⑤

[해설]

지문은 셀피가 완전히 새로운 것이 아니라 자화상(self-portrait)의 오랜 역사를 계승하고 확장한 것이라고 주장한다. 셀피가 오늘날의 젊은 세대에게 '새로운 시대의 첫 번째 시각적 서명(the first visual signature of the new era)'이 되었다고 설명하며, 자신을 표현하는 최신 방식으로 셀피를 조명하고 있다. 따라서 '셀피, 우리 자신을 표현하는 가장 최신의 혁신'이 제목으로 적절하다.

3. [정답] ②

[해설]

②번에서 'which'는 관계대명사이다. 관계대명사 뒤에는 불완전한 절이 와야 하지만, 'honeys from various sources are blended together'는 주어(honeys...)와 수동태 동사(are blended)를 갖춘 완전한 문장이다. 따라서 관계대명사 'which'를 쓸 수 없다. 문맥상 '그곳에서' 또는 '그 안에서'라는 의미를 나타내는 관계부사 'where'나 'in which'가 와야 한다.

4. [정답] ④

[해설]

산업 혁명으로 인해 소비자들이 제품의 생산지와 생산 과정에 대한 연결고리가 없어졌다는(little or no connection) 내용이 앞에 나온다. 이는 소비자와 제품 간의 '단절(disconnect)'을 '야기'하거나 '심화'시킨 것이므로, '반박했다' 또는 '대항했다'는 의미의 'countered'는 문맥상 적절하지 않다. 'created' 또는 'deepened' 등이 적절하다.

5. [정답] ⑤

[해설]

지문은 야구 규칙, 악보, 법률 규칙 등의 예시를 통해 규칙이 단순히 행동을 제약하는 것이 아니라, 새로운 활동을 '창조하고(create)', '가능하게 하며(enable)', 새로운 '기회(opportunities)'와 '역할(roles)'을 만들어낸다고 설명한다. 이는 규칙이 '역할과 관행을 확립함으로써 생산적인 활동을 촉진한다(facilitate productive activity by establishing roles and practices)'는 내용으로 요약될 수 있다.

6. [정답] ②

[해설]

이 글은 과학과 역사를 대조한다. 과학은 정확성을 향한 '수렴' 과정인 반면, 역사적 통찰은 다양한 관점의 '폭발'이며, 이전의 결정성과 정확성에 대한 환상을 폭로하는(unmasking of previous illusions of determinacy and precision) 과정이라고 설명한다. 따라서 외부인의 관점에서 역사학의 발전은 진리에 근접하는 것이 아니라, '이미 달성된 것처럼 보이는 확실성과 정확성(certainty and precision seemingly achieved already)'에 대해 끊임없이 의문을 제기하는 과정으로 보일 수 있다.
