

2027학년도 수능 대비 모의평가

1. 밑줄 친 부분이 다음 글에서 의미하는 바로 가장 적절한 것은? (3점)

Lawyers sometimes describe ownership as a bundle of sticks. This metaphor was introduced about a century ago, and it has dramatically transformed the teaching and practice of law. The metaphor is useful because it helps us see ownership as a grouping of interpersonal rights that can be separated and put back together. When you say It's mine in reference to a resource, often that means you own a lot of the sticks that make up the full bundle: the sell stick, the rent stick, the right to mortgage, license, give away, even destroy the thing. Often, though, we split the sticks up, as for a piece of land: there may be a landowner, a bank with a mortgage, a tenant with a lease, a plumber with a license to enter the land, an oil company with mineral rights. Each of these parties owns a stick in the bundle.

- ① a legal obligation to develop the resource
- ② a priority to legally claim the real estate
- ③ a right to use one aspect of the property
- ④ a building to be shared equally by tenants
- ⑤ a piece of land nobody can claim as their own

2. 다음 글의 제목으로 가장 적절한 것은?

The economic benefit of culturtainment makes it attractive to politicians and policy makers alike. A potential increase in inbound visitor numbers coupled with their demand for related goods and services (travel, accommodation, retail) is an incentive for those within governments and authorities to work with cultural groups in order to develop celebrations and commemorations into larger and more high-profile events. However, such commercialization risks culturtainment becoming homogeneous and losing its original 'message' that could lead to a dilution of audiences. This could also lead to smaller non-commercial independent events being set up that would only serve to divide audiences further. This is something that planners and stakeholders will need to balance against potential financial gain. Changing political, social and religious landscapes will lead to the emergence of new cultures, and with them new culturtainment experiences. Overall this is a healthy growth sector of the entertainment industry, but one that by its very nature is delicate in the face of exploitation.

- ① The Commercialization of Culture and Its Unexpected Benefits
- ② Cash or Soul? When Culture Couples with Entertainment
- ③ Culturtainment: An Ambition of Entertainment to Be a Culture
- ④ New Cultures! The Poisonous Fruit of Culturtainment
- ⑤ Why Balanced Investments Matter in the Entertainment Industry

3. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은?

Availability sort of works on the principle that if you can think of it, it must be important, ① which means it can also distort our thinking quite a lot. If you ask people for their views on what the most common crime is, for example, the majority will say murder. We almost always overestimate how ② frequently it occurs because murder is the crime we hear most about, through both the news media and TV dramas. It is actually quite rare in modern societies, but it gets a lot of publicity, so it is more cognitively available than other offenses – it comes most readily to mind. We have to think ③ much harder to identify other types of criminal activity – unless they are part of our recent experience, of course. Asking someone whos been recently burgled about what they think the most common crime is ④ to get quite a different result! Availability heuristics sometimes work in our favor. It can, for instance, help us to deal with a tricky problem if we can bring to mind ⑤ how someone else dealt with a similar one.

4. 다음 글의 밑줄 친 부분 중, 문맥상 낱말의 쓰임이 적절하지 않은 것은?

In economic systems what takes place in one sector has impacts on another; demand for a good or service in one sector is derived from another. For instance, a consumer buying a good in a store will likely trigger the replacement of this product, which will generate ①demands for activities such as manufacturing, resource extraction and, of course, transport. What is different about transport is that it cannot exist alone and a movement cannot be ②stored. An unsold product can remain on the shelf of a store until bought (often with discount incentives), but an unsold seat on a flight or unused cargo capacity in the same flight remains unsold and cannot be brought back as additional capacity ③later. In this case an opportunity has been ④seized, since the amount of transport being offered has exceeded the demand for it. The derived demand of transportation is often very difficult to reconcile with an equivalent supply, and actually transport companies would prefer to have some additional capacity to accommodate ⑤unforeseen demand (often at much higher prices).

*reconcile: 조화시키다

5. 다음 빈칸에 들어갈 말로 가장 적절한 것을 고르시오. (3점)

Concepts of nature are always cultural statements. This may not strike Europeans as much of an insight, for Europe's landscape is so much of a blend. But in the new worlds —'new' at least to Europeans — the distinction appeared much clearer not only to European settlers and visitors but also to their descendants. For that reason, they had the fond conceit of primeval nature uncontrolled by human associations which could later find expression in an admiration for wilderness. Ecological relationships certainly have their own logic and in this sense 'nature' can be seen to have a self-regulating but not necessarily stable dynamic independent of human intervention. But the context for ecological interactions . We may not determine how or what a lion eats but we certainly can regulate where the lion feeds.

- ① has supported new environment-friendly policies
- ② has increasingly been set by humanity
- ③ inspires creative cultural practices
- ④ changes too frequently to be regulated
- ⑤ has been affected by various natural conditions

6. 다음 빈칸에 들어갈 말로 가장 적절한 것을 고르시오.

Even as mundane a behavior as watching TV may be a way for some people to . To test this idea, Sophia Moskalenko and Steven Heine gave participants false feedback about their test performance, and then seated each one in front of a TV set to watch a video as the next part of the study. When the video came on, showing nature scenes with a musical soundtrack, the experimenter exclaimed that this was the wrong video and went supposedly to get the correct one, leaving the participant alone as the video played. The participants who had received failure feedback watched the video much longer than those who thought they had succeeded. The researchers concluded that distraction through television viewing can effectively relieve the discomfort associated with painful failures or mismatches between the self and self-guides. In contrast, successful participants had little wish to be distracted from their self-related thoughts!

*mundane: 보통의

- ① ignore uncomfortable comments from their close peers
- ② escape painful self-awareness through distraction
- ③ receive constructive feedback from the media
- ④ refocus their divided attention to a given task
- ⑤ engage themselves in intense self-reflection

정답 및 해설

1. [정답] ③

[해설]

소유권을 '막대기 묶음(bundle of sticks)'에 비유하며, 각 막대기는 판매권, 임대권 등 분리 가능한 개별 권리를 의미합니다. 여러 당사자가 하나의 자산에 대해 각기 다른 권리(막대기)를 가질 수 있다고 설명합니다. 따라서 'a stick in the bundle'은 완전한 소유권을 구성하는 여러 권리 중 '자산의 한 측면을 사용할 수 있는 권리'를 의미합니다.

2. [정답] ②

[해설]

이 글은 'culturtainment(문화+엔터테인먼트)'의 상업화가 가져오는 경제적 이익(Cash)과, 그로 인해 본래의 메시지를 잃고 획일화될 수 있는 위험(Soul)이라는 양면성을 다룬다. 즉, 문화가 오락과 결합될 때 발생하는 상업적 이익과 문화적 본질 보존 사이의 딜레마를 설명하고 있으므로, 'Cash or Soul?(현금인가, 영혼인가?)'이라는 제목이 이 갈등을 가장 잘 표현한다.

3. [정답] ④

[해설]

④번은 문장의 동사가 필요한 자리이다. 주어는 동명사구 'Asking someone ~'이며, 이 주어에 대한 정동사가 와야 한다. '꽤 다른 결과를 얻게 될 것이다'라는 의미가 되어야 하므로 to get이 아니라 yields, brings, will get 등과 같은 정동사가 와야 한다. ① which는 앞 문장 전체를 선행사로 받는 계속적 용법의 관계대명사이다. ② frequently는 동사 occurs를 수식하는 부사이다. ③ much는 비교급 harder를 강조하는 부사이다. ⑤ how는 bring to mind의 목적어 역할을 하는 명사절을 이끄는 의문부사이다.

4. [정답] ④

[해설]

문맥상 팔리지 않은 항공기 좌석은 저장할 수 없어 나중에 다시 팔 수 없으므로, 판매할 기회가 사라진 것이다. 'the amount of transport being offered has exceeded the demand for it(제공된 운송량이 수요를 초과했다)'는 상황은 기회를 잡은(seized) 것이 아니라 놓친(missed/lost) 것이다. 따라서 'seized'는 문맥상 적절하지 않다.

5. [정답] ②

[해설]

글은 자연에 대한 개념이 문화적이라고 말하며, 인간의 개입이 없는 원시 자연이라는 생각은 유럽인들의 관념이라고 설명한다. 하지만 마지막 문장에서 '우리가 사자가 무엇을 먹는지는 결정할 수 없지만, 사자가 어디서 먹는지는 확실히 규제할 수 있다'는 예시를 통해, 생태학적 상호작용이 일어나는 '맥락(context)'이 인간에 의해 설정되고 있음을 보여준다. 따라서 빈칸에는 '인류에 의해 점점 더 설정되어 왔다'는 내용이 들어가야 한다.

6. [정답] ②

[해설]

실험 결과, 시험 성과에 대해 부정적인 피드백(failure feedback)을 받은 참가자들이 긍정적인 피드백을 받은 참가자들보다 TV 비디오를 훨씬 오래 시청했다. 연구자들은 이를 'distraction through television viewing can effectively relieve the discomfort associated with painful failures(TV 시청을 통한 주의 분산이 고통스러운 실패와 관련된 불편함을 효과적으로 완화할 수 있다)'고 결론 내렸다. 이는 사람들이 고통스러운 자기 인식(painful self-awareness)으로부터 주의 분산(distraction)을 통해 벗어나기(escape) 위해 TV를 본다는 것을 의미한다.
