

2027학년도 수능 대비 모의평가

1. 밑줄 친 부분이 다음 글에서 의미하는 바로 가장 적절한 것은? (3점)

To balance the need for breadth (everyone feels a bit burned out) and depth (some are so burned out, they can no longer do their jobs), we ought to think of burnout not as a state but as a spectrum. In most public discussion of burnout, we talk about workers who "are burned out," as if that status were black and white. A black-and-white view cannot account for the variety of burnout experience, though. If there is a clear line between burned out and not, as there is with a lightbulb, then we have no good way to categorize people who say they are burned out but still manage to do their work competently. Thinking about burnout as a spectrum solves this problem; those who claim burnout but are not debilitated by it are simply dealing with a partial or less-severe form of it. They are experiencing burnout without being burned out. Burnout hasn't had the last word.

- ① Public discussion of burnout has not reached an end.
- ② There still exists room for a greater degree of exhaustion.
- ③ All-or-nothing criteria are applicable to burnout symptoms.
- ④ Exhaustion is overcome in different ways based on its severity.
- ⑤ Degrees of exhaustion are shaped by individuals' perceptions.

2. 다음 글의 제목으로 가장 적절한 것은?

Mending and restoring objects often require even more creativity than original production. The preindustrial blacksmith made things to order for people in his immediate community; customizing the product, modifying or transforming it according to the user, was routine. Customers would bring things back if something went wrong; repair was thus an extension of fabrication. With industrialization and eventually with mass production, making things became the province of machine tenders with limited knowledge. But repair continued to require a larger grasp of design and materials, an understanding of the whole and a comprehension of the designer's intentions. "Manufacturers all work by machinery or by vast subdivision of labour and not, so to speak, by hand," an 1896 Manual of Mending and Repairing explained. "But all repairing must be done by hand. We can make every detail of a watch or of a gun by machinery, but the machine cannot mend it when broken, much less a clock or a pistol!"

- ① Still Left to the Modern Blacksmith: The Art of Repair
- ② A Historical Survey of How Repairing Skills Evolved
- ③ How to Be a Creative Repairperson: Tips and Ideas
- ④ A Process of Repair: Create, Modify, Transform!
- ⑤ Can Industrialization Mend Our Broken Past?

3. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은?

Many genetic and biological mechanisms control hunger and satiety, ensuring that people will eat enough ① to meet their energy needs. Throughout most of human history, getting enough food was the primary challenge. The human body developed to function in an environment ② which food was scarce and high levels of physical activity were mandatory for survival. This situation resulted in the development of various physiological mechanisms that encourage the body to deposit energy (i.e., fat) and ③ defend against energy loss. Today's environment, however, is one in which food is widely available, inexpensive, and often high in energy density, while minimal physical activity is required for daily living. Researchers have proposed that the "modern environment has taken body weight control from an instinctual (unconscious) process to ④ one that requires substantial cognitive effort. In the current environment, people who are not devoting substantial conscious effort to managing body weight ⑤ are probably gaining weight." This means that nutrition education has an important role.

4. 다음 글의 밑줄 친 부분 중, 문맥상 낱말의 쓰임이 적절하지 않은 것은?

Gaining an audience for your writing involves not just finding a voice but ensuring that voice resonates with your intended readers. Entrepreneurs understand the importance of building a brand that makes them memorable and distinct from their competitors, drawing customers to their products or services. They achieve this by ① pinpointing their target audience, crafting a unique value proposition, and shaping a recognizable identity. While scholars might initially find these entrepreneurial concepts ② alien, they actually engage in similar practices when they set themselves apart in their academic writing. Consider the typical literature review and motivation section of a scholarly article the aim is to highlight ③ gaps in existing research and position oneself as the one who will address these overlooked areas. The challenge, as Labaree suggests, is not just in developing innovative ideas but in ④ cultivating a distinctive voice that makes readers think, "Ah, this sounds like the author." It's about balancing the expression of your ideas with the development of a unique voice that leaves a ⑤ temporary impression on your audience.

5. 다음 빈칸에 들어갈 말로 가장 적절한 것을 고르시오.

Any attempt to model musical behavior or perception in a general way is filled with difficulties. With regard to models of perception, the question arises of whose perception we are trying to model even if we confine ourselves to a particular culture and historical environment. Surely the perception of music varies greatly between listeners of different levels of training; indeed, a large part of music education is devoted to developing and enriching (and therefore likely changing) these listening processes. While this may be true, I am concerned here with fairly basic aspects of perception particularly meter and key which I believe are relatively consistent across listeners. Anecdotal evidence suggests, for example, that most people are able to "find the beat" in a typical folk song or classical piece. This is not to say that there is complete uniformity in this regard there may be occasional disagreements, even among experts, as to how we hear the tonality or meter of a piece. But I believe _____. 3점

- ① our devotion to narrowing these differences will emerge
- ② fundamental musical behaviors evolve within communities
- ③ these varied perceptions enrich shared musical experiences
- ④ the commonalities between us far outweigh the differences
- ⑤ diversity rather than uniformity in musical processes counts

6. 다음 빈칸에 들어갈 말로 가장 적절한 것을 고르시오. (3점)

Education, at its best, teaches more than just knowledge. It teaches critical thinking: the ability to stop and think before acting, to avoid succumbing to emotional pressures. This is not thought control. It is the very reverse: mental liberation. Even the most advanced intellectual will be imperfect at this skill. But even imperfect possession of it _____ of being 'stimulus-driven', constantly reacting to the immediate environment, the brightest colours or loudest sounds. Being driven by heuristic responses, living by instinct and emotion all the time, is a very easy way to live, in many ways: thought is effortful, especially for the inexperienced. But emotions are also exhausting, and short-term reactions may not, in the long term, be the most beneficial for health and survival. Just as we reach for burgers for the sake of convenience, storing up the arterial fat which may one day kill us, so our reliance on feelings can do us great harm.

- ① intensifies people's danger
- ② enhances our understanding
- ③ frees a person from the burden
- ④ allows us to accept the inevitability
- ⑤ requires one to have the experience

정답 및 해설

1. [정답] ②

[해설]

글의 핵심은 번아웃을 흑백 논리가 아닌 스펙트럼으로 봐야 한다는 것이다. 밑줄 친 'Burnout hasn't had the last word'는 번아웃이 최종적이고 완전한 상태가 아니라는 의미이다. 즉, 부분적으로 번아웃을 겪는 상태에서 완전히 소진되는 상태로 더 나아갈 수 있는 여지가 있다는 것을 함축한다. 이는 '더 큰 정도의 소진을 위한 여지가 여전히 존재한다'는 ②번의 의미와 통한다.

2. [정답] ①

[해설]

이 글은 산업화 이전의 수선(mending and restoring)과 산업화 이후의 수선을 대조한다. 산업화 이전 대장장이에게 수선은 제작의 연장이었지만, 대량 생산 시대에는 제작은 기계가 담당하게 되고 수선은 '디자인과 재료에 대한 더 큰 이해, 전체에 대한 이해, 설계자 의도에 대한 이해'를 요구하는 고도의 기술로 남게 되었다. 마지막 문장에서 기계는 시계를 만들 수는 있어도 고장 났을 때 고칠 수는 없다고 강조하며, 수선 기술의 독자적인 가치와 예술성을 부각한다. 따라서 '현대 대장장이에게 여전히 남겨진 것: 수선의 예술'이라는 제목이 가장 적절하다.

3. [정답] ②

[해설]

②번은 관계사 자리로, 뒤따르는 절 'food was scarce'가 주어(food), 동사(was), 주격보어(scarce)로 구성된 완전한 문장이므로 관계대명사 which를 쓸 수 없다. 따라서 완전한 절을 이끄는 관계부사 where 또는 'in which'로 고쳐야 한다. ① 'to meet'은 목적을 나타내는 to부정사의 부사적 용법이다.

③ 'defend'는 'encourage the body to deposit ~ and (to) defend ~'의 병렬구조로, to가 생략된 원형부정사 형태가 맞다. ④ 'one'은 앞서 언급된 'a process'를 받는 부정대명사이다. ⑤ 'are'는 주격관계대명사 who의 선행사인 'people'에 수를 일치시킨 복수동사로 올바르다.

4. [정답] ⑤

[해설]

이 글은 독자에게 기억에 남는(memorable) 독특한 목소리를 만드는 것의 중요성을 강조한다. 마지막 문장은 독자에게 독특한 목소리로 인상을 남기는 것에 대해 이야기하고 있다. 이러한 맥락에서 '일시적인(temporary)' 인상이 아니라 '지속적인(lasting)' 또는 '잊을 수 없는(unforgettable)' 인상을 남겨야 하므로 'temporary'는 문맥상 적절하지 않다.

5. [정답] ④

[해설]

필자는 음악적 인식이 개인 간에 크게 다르다는 점을 인정하면서도('varies greatly'), 박자나 조성과 같은 기본적인 측면에서는 청자들 사이에 '상대적으로 일관적(relatively consistent)'이라고 주장한다. 전문가들 사이에서도 약간의 불일치가 있을 수 있음을 언급한 후('not to say that there is complete uniformity'), 'But'으로 글의 흐름을 전환하며 자신의 최종적인 믿음을 강조한다. 따라서 차이점에도 불구하고 '우리 사이의 공통점이 차이점을 훨씬 능가한다'는 내용이 빈칸에 들어가는 것이 논리적으로 가장 적합하다.

6. [정답] ③

[해설]

교육이 가르치는 비판적 사고는 '정신적 해방(mental liberation)'이며, 이는 '자극 주도적인(stimulus-driven)' 상태, 즉 즉각적인 환경에 계속 반응하는 것과는 정반대라고 설명한다. 따라서 비판적 사고 능력을 불안정하게라도 소유하는 것은, '자극 주도적'이 되어야 하는 '부담으로부터 개인을 자유롭게 한다(frees a person from the burden)'는 내용이 들어가는 것이 가장 논리적이다.
