

2027학년도 수능 대비 모의평가

1. 다음 글의 목적으로 가장 적절한 것은? (3점)

Dear staff, Next Monday, Nature's Beauty Gardens will have the pleasure of hosting very important guests for the annual "Toddler Trek" event. We hope that this will be fun, educational, and most importantly safe for the toddlers. Parents and children are going to spend time enjoying outdoor activities and having a picnic lunch. It is therefore very important to check the garden for potential dangers. Managers of each department must make sure that all dangerous equipment and machinery are safely stored. Also, for the safety of our guests at this event, garden chemicals will not be used anywhere in Nature's Beauty Gardens. Thank you for your cooperation in this safety check and for helping to make this year's "Toddler Trek" event the best one yet. Best regards, Laura Alfaro, Managing Director

- ① 안전한 행사를 위한 준비를 지시하려고
- ② 노후 장비 교체 일정을 안내하려고
- ③ 체험 학습 행사 홍보를 부탁하려고
- ④ 정원 박람회 기획자를 모집하려고
- ⑤ 체육 대회 참가를 독려하려고

2. 다음 글의 주제로 가장 적절한 것은?

In Kant's view, geometrical shapes are too perfect to induce an aesthetic experience. Insofar as they agree with the underlying concept or idea — thus possessing the precision that the ancient Greeks sought and celebrated — geometrical shapes can be grasped, but they do not give rise to emotion, and, most importantly, they do not move the imagination to free and new (mental) lengths. Forms or phenomena, on the contrary, that possess a degree of immeasurability, or that do not appear constrained, stimulate the human imagination — hence their ability to induce a sublime aesthetic experience. The pleasure associated with experiencing immeasurable objects — indefinable or formless objects — can be defined as enjoying one's own emotional and mental activity. Namely, the pleasure consists of being challenged and struggling to understand and decode the phenomenon present to view. Furthermore, part of the pleasure comes from having one's comfort zone (momentarily) violated.

*geometrical: 기하학의 **aesthetic: 심미적인 ***sublime: 숭고한

- ① diversity of aesthetic experiences in different eras
- ② inherent beauty in geometrically perfect shapes
- ③ concepts of imperfection in modern aesthetics
- ④ natural inclination towards aesthetic precision
- ⑤ aesthetic pleasure from things unconstrained

3. 다음 글의 제목으로 가장 적절한 것은? (3점)

The discovery that man's knowledge is not, and never has been, perfectly accurate has had a humbling and perhaps a calming effect upon the soul of modern man. The nineteenth century, as we have observed, was the last to believe that the world, as a whole as well as in its parts, could ever be perfectly known. We realize now that this is, and always was, impossible. We know within limits, not absolutely, even if the limits can usually be adjusted to satisfy our needs. Curiously, from this new level of uncertainty even greater goals emerge and appear to be attainable. Even if we cannot know the world with absolute precision, we can still control it. Even our inherently incomplete knowledge seems to work as powerfully as ever. In short, we may never know precisely how high is the highest mountain, but we continue to be certain that we can get to the top nevertheless.

4. 다음 글의 밑줄 친 부분 중, 어법상 틀린 것은?

Victorian England is characterised by the full development of the Industrial Revolution. England became the first industrial nation in the world and, by 1850, the first nation to have more people ①employed in industry than in agriculture. Expanding trade coincided with the growth of the Empire and brought great wealth to Britain, but this wealth was not ②evenly distributed. Many enterprising individuals (the 'self-made men') rose from humble origins to positions of wealth and influence, but large sections of the working class ③were forced into the overcrowded slums of large cities where they worked long hours for low wages in unhealthy conditions. The manufacturing towns of the north of England provided some of the worst examples and ④inspired such socially conscious novels as Kingsley's *Alton Locke*, Gaskell's *Mary Barton*, and Dickens's *Hard Times*. In the south there was London, already the largest city in the world, showing all the crime, evil, and misery ⑤whose result from overpopulation and unplanned growth.

5. 다음 글의 내용을 한 문장으로 요약하고자 한다. 빈칸 (A), (B)에 들어갈 말로 가장 적절한 것은?

Biological organisms, including human societies both with and without market systems, discount distant outputs over those available at the present time based on risks associated with an uncertain future. As the timing of inputs and outputs varies greatly depending on the type of energy, there is a strong case to incorporate time when assessing energy alternatives. For example, the energy output from solar panels or wind power engines, where most investment happens before they begin producing, may need to be assessed differently when compared to most fossil fuel extraction technologies, where a large proportion of the energy output comes much sooner, and a larger (relative) proportion of inputs is applied during the extraction process, and not upfront. Thus fossil fuels, particularly oil and natural gas, in addition to having energy quality advantages (cost, storability, transportability, etc.) over many renewable technologies, also have a "temporal advantage" after accounting for human behavioral preference for current consumption/return.

Due to the fact that people tend to favor more ____ (A) ____ outputs, fossil fuels are more ____ (B) ____ than renewable energy alternatives in regards to the distance between inputs and outputs.

- | (A) | (B) | (A) | (B) |
|-------------|-------------------|--------------|-----------------|
| ① immediate | competitive | ② available | expensive |
| ③ delayed | competitive | ④ convenient | expensive |
| ⑤ abundant | competitive | | |

정답 및 해설

1. [정답] ①

[해설]

글의 중반부에서 'toddler'를 위한 행사의 안전(safe)을 강조하며, 잠재적 위험 요소를 점검하고(check the garden for potential dangers), 위험한 장비는 안전하게 보관하며(safely stored), 화학 물질을 사용하지 말라고(chemicals will not be used) 구체적으로 지시하고 있다. 이는 안전한 행사를 위한 준비를 지시하는 것이 글의 주된 목적임을 보여준다.

2. [정답] ⑤

[해설]

이 글은 칸트의 관점을 빌려, 완벽하고 정밀한 기하학적 형태는 감정이나 상상력을 자극하지 않아 심미적 경험을 유발하지 못한다고 주장한다. 반면에, 'immeasurability(측정할 수 없음)'를 지니거나 'constrained(제한된) 것처럼 보이지 않는' 형태나 현상들이 인간의 상상력을 자극하여 숭고한 심미적 경험을 이끌어낸다고 설명한다. 이는 '제한되지 않은 것들(things unconstrained)로부터 오는 심미적 즐거움'이 글의 핵심 주제임을 보여준다.

3. [정답] ①

[해설]

글은 인간의 지식이 불완전하다는 것을 인정하는 데서 오는 겸허함을 이야기하지만, 이러한 불확실성 속에서도 '더 위대한 목표가 나타난다(greater goals emerge)'고 말한다. 절대적 정밀함으로 알 수는 없어도 세상을 통제할 수 있고, 가장 높은 산의 정확한 높이를 몰라도 '그럼에도 불구하고 정상에 도달할 수 있다(get to the top nevertheless)'고 결론짓는다. 이는 지식의 불완전성에도 불구하고 계속해서 나아가는 여정을 의미하므로 '아직 도달하지 않은 정상들: 지식을 향한 계속되는 여정'이 가장 적절한 제목이다.

4. [정답] ⑤

[해설]

The relative pronoun 'whose' indicates possession and must be followed by a noun. However, in the clause 'whose result from...', 'result' is used as a verb. The preceding nouns ('crime, evil, and misery') are the subject of this verb. Therefore, a subject relative pronoun like 'which' or 'that' is required to correctly form the clause: '...misery which resulted from...'.

5. [정답] ①

[해설]

지문은 인간이 불확실한 미래 때문에 '먼 미래의 결과물보다 현재 이용 가능한 결과물을 선호한다 (discount distant outputs over those available at the present time)'고 설명합니다. 이는 사람들이 (A) 즉각적인(immediate) 결과물을 선호하는 경향이 있음을 의미합니다. 화석 연료는 신재생 에너지에 비해 에너지 생산이 '훨씬 더 빨리(much sooner)' 이루어지므로, 이러한 인간의 선호도 때문에 '시간적 이점(temporal advantage)'을 가집니다. 이는 화석 연료가 신재생 에너지보다 더 (B)경쟁력 있다 (competitive)는 것을 의미합니다. 따라서 정답은 ①번입니다.
